

CONTROL DEVICE

Opens the future

D113084 - PC 2E
Key switch for exterior with metal case. (10 pcs/package).

D121012 - CM
Magnetic key for LCM readers (10 pcs/package).

P111001 00003 - RMM 2
Two-channel metal detectors. 230V-

P123008 00001 - EBPE 75
230Vac electric lock with zero stop resistance, with external release for max 75mm thick doors and gates.

P121011 - INTRO
Key switch for exteriors. Flush and column version.

D731022 - CLC
Column for magnetic key readers. Height 1 m.

D121009 - PE2
External two-button panel (10 pcs/package).

P123001 00013 - EBP 24
24Vac electric lock with 230/24V transformer to be inserted in the control panel.

P121014 - SC NET
Key switch SC NET.

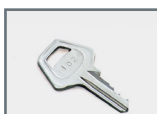

D110926 00001 - SPIRA 2X1
Magnetic loop 2x1 m.

P121012 - SELETTO
Flush digital pushbutton panel, programmable for controlling pedestrian and vehicle access, usable with two operating modes: with "serial connection" and with "interfacing with the COMPASS system"

D121016 - ECB DX
RH horizontal electric lock, 12V.

D531097 - CRC
Spare coded key for (10 pcs/package). When ordering, specify key series number.

D121458 - PARKY LIGHT
Traffic light.

P121013 - SELETTO E
Flush digital ext. pushbutton panel, programmable for controlling pedestrian and vehicle access, usable with two operating modes: with serial connection and with interfacing with the COMPASS system

D121017 - ECB SX
Left-hand horizontal electric lock. Also available in right-hand and vertical versions.

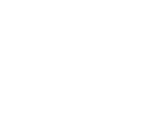

D121011 - LCM
Magnetic key reader. For column mounting - see model CLC.

P111274 - RME
Single-channel metal detector with installation base. Power supply 24Vac. Power supply LED. Channel LED. Pulse on release configuration. Presence relay with pulse or continuous operation. Pulse relay with deactivation possibility.

P123001 00001 - EBP
230 Vac electric lock with zero stop resistance. Also available in 50 mm, 75 mm versions and at 24V.

D121018 - ECB vertical
Vertical electric lock, 12V.

P123006 00001 - EBPE 52
230Vac electric lock with zero stop resistance, with external release for max 50mm thick doors and gates
